

Customers have been banking on our **strength** and **stability** for 120 years.

We take strength and stability very seriously. For that reason, we have never engaged in risky sub-prime mortgages and have always practiced the kind of time-tested, conservative, responsible banking that allows us to stay close to our communities and give peace of mind to our customers.

Today, we remain as committed to our customers as we have been for the last 120 years, providing the full-service banking they want, maintaining the strength and stability they need, and giving the friendly, personal service that they have come to expect from us.

Please stop by any neighborhood Astoria Federal branch—located throughout Nassau, Suffolk, Brooklyn, Queens, and Westchester—to experience real peace of mind and a whole lot more!

*Yesterday, Today, and Tomorrow...
Strength and Stability You Can Bank On.*
